

SAINT-GIRONS CONFERENCE

GENERATING IDEAS FOR A NUMERICAL WORLD

June 29 - July 3, 2026

WHY SPONSOR THE SAINT-GIRONS CONFERENCE ?

Since its inception in 1994, the Saint-Girons Conference has served as a key forum for evaluating the capabilities of High-Performance Computing (HPC) in addressing problems in scientific and engineering domains, while also identifying emerging obstacles in the field. Over time, the conference has broadened its scope beyond its foundations in numerical linear algebra and optimization, achieving greater prominence through its 2013, 2015, and 2022 editions—each reflecting the dynamic evolution of HPC, including advances in data analysis, artificial intelligence, and quantum computing. Renowned for its intimate and collaborative atmosphere, the Saint-Girons Conference brings together academic leaders, industry experts, researchers, and students to foster innovation and knowledge exchange. A distinguishing feature of the conference is its strong support for student participation, affording students the opportunity to engage with leading-edge topics and to explore research opportunities across academia and industry. Saint-Girons V offers a unique platform for organizations to connect with top talent and contribute to the advancement of HPC and computational science in an increasingly digital world. By sponsoring student attendance, networking events, or focused workshops during the conference, sponsors play a critical role in shaping the future of the field— while gaining visibility aligned with their level of support.

SPONSORSHIP OPPORTUNITIES

Sponsoring Saint-Girons V provides organizations with a valuable platform to showcase their commitment to advancing HPC and computational mathematics.

THREE SPONSORSHIP TIERS ARE AVAILABLE:

SILVER
€1,500

- Sponsor logo featured in conference communications and on the official website.

GOLD
€3,000

- All SILVER benefits, plus:
- Sponsorship of a lunch
- Inclusion of one promotional document in the conference bag
- Opportunity to present a poster
- One complimentary conference registration

PLATINUM
€6,000 or more

- All GOLD benefits, plus:
- Sponsorship of a conference dinner, with the sponsor's logo on the menu
- Opportunity to deliver a welcome speech
